

HEATING AND COOLING

2018 SOUTH DAKOTA RESIDENTIAL EQUIPMENT REBATE APPLICATION

Instructions: Fill out application completely and sign. Attach supporting documentation: itemized invoice(s), SAVE test results/contractor report, EnergyGuide label(s), if applicable, etc. Failure to complete the required sections and provide documentation will result in denial of claim.

Equipment must be purchased and installed between Jan. 1, 2018, and Dec. 31, 2018. Rebate applications must be postmarked by March 31, 2019, to qualify for 2018 rebates. Rebate applications for equipment/materials purchased in 2018, postmarked after March 31, 2019, will not be eligible for rebates. Applications for central air conditioners installed after Oct. 1, 2018, can be submitted up to Sept. 30, 2019, if pre-enrolled by Dec. 31, 2018.

Rebates cannot exceed 50 percent of the installed cost (reasonable labor and material/equipment – reasonableness to be determined by MidAmerican Energy Company.) Installed cost includes contractor labor only and does not include internal labor.

SECTION 2	Complete all fields for each piece of equipment purchased and installed.
------------------	---

Natural Gas Furnace Information					
<small>You must be a MidAmerican Energy residential natural gas customer to qualify. Equipment must be AHRI Certified, <225 MBtuh with an AFUE of 95 and above.</small>					
<input type="checkbox"/> Natural gas furnace rebate = \$300/unit					
Date installed		AHRI reference number		AFUE	
Capacity (MBtuh)		Equipment cost \$		ECM furnace fan installed <input type="checkbox"/> Yes <input type="checkbox"/> No <small>If yes, submit energy-efficient furnace fan motor information below</small>	
Labor cost \$		Total installed cost \$		Manufacturer/brand name	
Model number		Serial number			

Energy-Efficient Furnace Fan Motor Information					
<small>You must be a MidAmerican Energy residential electric customer to qualify. Equipment must be AHRI Certified. Furnace fan must be installed on new qualifying furnace with AFUE 95 and above; <225 MBtuh, add-on fans only. May not be built into system and CEE air handling ratio must be <0.02.</small>					
<input type="checkbox"/> Efficient fan motor rebate = \$50/fan					
Date installed		Furnace AHRI reference number		AFUE of furnace	
CEE air handling ratio <0.02 <input type="checkbox"/> Yes <input type="checkbox"/> No		Equipment cost \$		Labor cost \$	
Total installed cost \$		Furnace brand name		Furnace model number	
Furnace serial number					

Air-Source Heat Pump Information

Must be SAVE certified (excellent rating) units <65 MBtuh; AHRI Certified (coil and condenser must match). Provide furnace information if the furnace increases efficiency of heat pump. Applications for air-source heat pumps not SAVE tested in 2018 can be submitted up to Sept. 30, 2019, if pre-enrolled by Dec. 31, 2018.

Qualifying Efficiency	Equipment Rebate	Unit Size* (actual cooling tonnage rounded to nearest tenth of a ton)		Total Rebate
<input type="checkbox"/> SEER 15-15.9 <input type="checkbox"/> SEER 16-16.9 <input type="checkbox"/> SEER 17 and above	\$150/cooling ton \$200/cooling ton \$350/cooling ton			
Date installed	AHRI reference number		SAVE score	SEER HSPF
Equipment cost \$	+	Labor cost \$	=	Total installed cost \$
				Supplemental heat: <input type="checkbox"/> Electric resistance <input type="checkbox"/> Natural gas <input type="checkbox"/> Other <input type="checkbox"/> None
				Natural gas furnace model number (if applicable):
Unit	Manufacturer	Model Number	Serial Number	Capacity (MBtuh)
Indoor				Cooling capacity (MBtuh)
Outdoor				Heating capacity (MBtuh)

Central Air Conditioner Information

To qualify, you must be a MidAmerican Energy electric customer and equipment must be AHRI Certified. Central air conditioner must be installed with a SAVE rating of excellent to be eligible for a rebate. Must be <65 MBtuh; coil and condenser must be an AHRI match. Provide furnace information if the furnace increases efficiency of air conditioner. Applications for central air conditioners not SAVE tested in 2018 can be submitted up to Sept. 30, 2019, if pre-enrolled by Dec. 31, 2018.

Qualifying Efficiency	Equipment Rebate	Unit Size* (actual cooling tonnage rounded to nearest tenth of a ton)		Total Rebate
<input type="checkbox"/> SEER 15-15.9 <input type="checkbox"/> SEER 16-16.9 <input type="checkbox"/> SEER 17 and above	\$50/cooling ton \$100/cooling ton \$300/cooling ton			
Date installed	AHRI reference number		SAVE score	Capacity (MBtuh)
Equipment cost \$	+	Labor cost \$	=	Total installed cost \$
Furnace manufacturer/brand name		Furnace model number (if applicable)		
Unit	Manufacturer	Model Number	Serial Number	
Indoor				
Outdoor				

*Rebate is based on actual equipment rating in Btuh at AHRI rating conditions. Divide Btuh by 12,000 to calculate unit size in tons.

Smart Programmable Thermostat Information

MidAmerican Energy must provide the primary heating fuel to your home. Smart programmable thermostat must be ENERGY STAR® certified. Rebate amount cannot exceed 50% of the smart programmable thermostat purchase price, excluding taxes, shipping and installation charge. An additional \$25 rebate is available if professionally installed.

<input type="checkbox"/> Smart programmable thermostat rebate = \$100/unit		<input type="checkbox"/> Professional installation rebate = \$25/unit (include copy of installer's invoice)

Specific Terms and Conditions

- Participants must be residential customers located in MidAmerican Energy Company's **South Dakota** service territory.
- For prescriptive rebates, the rebate payment cannot exceed 50 percent of the installed cost (reasonable labor and material/equipment – reasonableness to be determined by MidAmerican Energy Company.) Installed cost includes contractor labor only and does not include internal labor.
- MidAmerican Energy Company must directly provide the primary electricity or natural gas to the equipment for which the rebate is being paid. See specific equipment requirements to ensure your equipment qualifies.
- **In order to receive an air-source heat pump or central air conditioner rebate, the equipment must be pre-enrolled and tested by an HVAC SAVE certified technician unless otherwise noted.**
- Rebate amount cannot exceed installed cost.
- Equipment must be new and installed on the premises.
- **Rebates for all South Dakota energy efficiency programs are issued on a first-come, first-served basis. Rebates may not be available if 2018 program funding is depleted prior to the end of the year.**
- Invoice/receipt must show manufacturer's name, model/serial number, efficiency rating and quantity of qualifying equipment purchased and installed.
- Electric customers who purchase a new natural gas furnace with an energy-efficient fan motor qualify for the \$50 fan motor rebate.
- Must be AHRI Certified or ENERGY STAR certified, as indicated.
- **Allow 4 – 6 weeks for rebate processing, excluding on-site verification, if needed.**
- MidAmerican Energy Company reserves the right to inspect and verify installation before or after issuing the rebate payment.

Customer Agreement	
My signature indicates consent to and agreement with all program terms and conditions, certifies that all information on this application is correct, and that all of the listed new equipment has been purchased, installed and is operating at the indicated location. I understand that MidAmerican Energy Company reserves the right to inspect and verify installation before or after issuing the rebate payment. Further, I understand that rebates may not be available if 2018 program funding is depleted prior to the end of the year.	
<input type="checkbox"/> I also authorize the rebate check to be payable to (name - please print) _____ instead of the name on account. Alternate payee address _____ City _____ State _____ ZIP _____
